- Your designs published on The Day's website
- Free 3-month subscription to The Day for your school

**With celebrity
judge, broadcaster
Abby Cook!**

HOW TO ENTER

STEP 1: IMMERSE

Choose a challenge. Decide which Build for Belonging challenge to tackle, or enter all three! Check out our build-along podcasts with expert guests to inspire you! buildthechange.theday.co.uk/competition-home

Build for Nature - Create something green, awesome and completely unexpected that brings nature to everyone!

Build for Community - Build something that tackles loneliness and helps people to feel connected.

Design with Empathy - Redesign a space in your community so that it works for everyone.

STEP 2: CREATE

Build the Change! Use this **Competition Worksheet** on the following pages to design your solutions on paper (make sure you label your design features to show us what they are and why you've designed it this way). Then if you wish you can create a 3D model of your design out of LEGO bricks, bits of recycling, craft supplies or nature treasures from outside!

STEP 3: SHARE

Take a photo of your drawing and/or 3D design and (if you want to) write a short description of your building's features (maximum 200 words).

Ask a grown-up to send us a photo of your design (and optional short description) via buildthechange.theday.co.uk/competition.

Alternatively entries can be posted to us along with a completed postal entry form to this address: The Education Company, Denne Court, Hengist Field, Oad Street, Sittingbourne ME9 8LT.

For full terms and conditions and to enter visit: buildthechange.theday.co.uk/competition.

Good luck!

Build for Belonging Competition

Get ready to let your awesome ideas shine! 🎉 Use this worksheet to help you develop an idea and enter it into our *Build for Belonging Competition*! 🏆
There are amazing prizes up for grabs, so let's get started! 🚀

STEP 1: MIND MAP YOUR IDEAS

Start by learning about the challenge and jotting down all your thoughts! ✨
Draw or write anything exciting or important, it could help later. 🖋️

STEP 2: BRAINSTORM IDEAS

Get creative! 💡 Think of as many ways to tackle the problem as you can. Even the most unusual ideas count! Once you're done, pick your favourite. 🌀✨

STEP 3: DESIGN

Sketch out your awesome idea! 🎨 Don't worry about being perfect, experimenting is part of the fun. Show how your idea changes and improves as you work. 🖋️

STEP 4: MAKE IT REAL

Time to shine! ✨ Draw your final idea and label its cool features. Or, if you love building, create a model using LEGO bricks, recycled bits, or craft supplies! 🗑️📦

STEP 5: SHARE YOUR IDEA

Write a short description (less than 200 words) about your solution. Answer these:

- What problem are you solving? 🤔
- What's your idea? 💡
- Who will it help? 👤👤
- How does it work? 🔧
- Don't forget to take a photo of your model to enter into the competition, we can't wait to see your amazing work! 🎉
