# HOW TO ENTER

## STEP 1: IMMERSE

Choose a challenge. Decide which Build for Belonging challenge to tackle, or enter all three! Check out our build-along podcasts with expert guests to inspire you!

[buildthechange.theday.co.uk/competition-secondary](https://buildthechange.theday.co.uk/competition-secondary)

**Build for Nature** - Create something green, awesome and completely unexpected that brings nature to everyone!

**Build for Community** - Build something that tackles loneliness and helps people to feel connected.

**Design with Empathy** - Redesign a space in your community so that it works for everyone.

## STEP 2: CREATE

Build the Change! Use this **Competition Worksheet** on the following pages to design your solutions on paper (make sure you label your design features to show us what they are and why you've designed it this way). Then if you wish you can create a 3D model of your design out of LEGO bricks, bits of recycling, craft supplies or nature treasures from outside!

## STEP 3: SHARE

Take a photo of your drawing and/or 3D design and (if you want to) write a short description of your building's features (maximum 200 words).

Ask a grown-up to send us a photo of your design (and optional short description) via [buildthechange.theday.co.uk/competition](https://buildthechange.theday.co.uk/competition).

Alternatively entries can be posted to us along with a completed postal entry form to this address:  
The Education Company, Denne Court, Hengist Field,  
Oad Street, Sittingbourne ME9 8LT.

For full terms and conditions and to enter visit:

# Good luck!

# Build for Belonging Competition Worksheet

Got a brilliant idea? Let's bring it to life! 🚀 Use this worksheet to develop your solution and enter the *Build for Belonging Competition*! 🏆 There are fantastic prizes to be won, so let's get started! 🚀

## STEP 1: MIND MAP

Start by exploring the problem. Write or sketch everything that comes to mind, big or small! ✨ You never know which ideas might be useful later.

## STEP 2: THINK OF IDEAS

Think outside the box! 💡 Come up with as many solutions as possible, even the wild ones. Once you've got loads, choose your favourite to develop further. 🌀

## STEP 3: DESIGN YOUR IDEAS

Now it's time to get your ideas on paper. 🎨 Experiment, make mistakes, and improve your design, it doesn't have to be perfect straight away. We'd love to see how your ideas evolve!

## STEP 4: MAKE IT REAL

Here's your chance to bring your design to life! ✨ Draw your final idea and label the key features, or build a model using materials like LEGO, recycled items, or craft supplies. Write an optional short description (less than 200 words) about your idea. Answer these:

- What problem are you solving? 🤔
- What's your idea? 💡
- Who will it help? 👥
- How does it work? 🔧

Be creative! 🌱📦

## STEP 5: SHARE YOUR IDEA

Update this copy to read: Take a photo of your design and ask your grown-up to enter it into the competition at [buildthechange.theday.co.uk/competition](https://buildthechange.theday.co.uk/competition). We can't wait to see your amazing work!
